PROFILE

CRM and Marketing Technology professional with 3 years of hands-on experience implementing and optimising customer engagement platforms at Mapp Digital, plus 10+ years of consulting and implementation experience. Skilled in API and SDK integrations, GTM event tracking, segmentation, and CRM data automation using SQL and Python. Adept at translating marketing goals into scalable technical solutions and driving cross-functional delivery across data, product, and marketing teams. Currently upskilling in Braze, Python, and cloud systems to deepen technical expertise in lifecycle marketing technologies.

KEY TECHNICAL SKILLS

CRM Platforms: Mapp Engage/Intelligence, Braze (learning), Salesforce Marketing Cloud (familiar)
APIs & SDKs: REST, JSON, Postman, Mobile SDK Integration (Android/iOS)
Data: SQL, Python, ETL basics
Web: HTML, CSS, Liquid
Analytics: GTM, GA4, Kibana
Tools: Jira, Confluence, GitHub, Linux CLI

PROFESSIONAL EXPERIENCE

Mapp Digital | Solution Engineer | Nov 2022 – Present | London, UK

Delivered end-to-end CRM implementations using Mapp Cloud, integrating API, SDK, and data pipelines across web, mobile, and email channels.
Designed and executed automation workflows (Whiteboards) for event-based lifecycle campaigns.
Collaborated with engineering and data teams to align schema, validate GTM events, and ensure tracking accuracy.
Managed SDK onboarding projects (Android/iOS) and coordinated QA with client developers.
Created and optimised HTML/CSS templates for personalised communications.
Monitored deliverability and data flow integrity using Kibana and internal dashboards.

Feefo Holdings | QA Engineer | Apr 2022 – Nov 2022

Supported large-scale SaaS QA operations with Cypress automation (JavaScript) and regression testing.

Reevoo Ltd. | Implementation Consultant | Oct 2019 – Nov 2022

Led multiple client implementations for a SaaS reviews platform, configuring APIs and onboarding workflows.

MCS Global Ltd. | Software Implementation Consultant | Oct 2018 – Oct 2019

Customised and deployed MCS-rm hire software; provided SQL database support and training.

Folkem Ltd. | Technical Project Manager | Sep 2015 – Aug 2018

Managed a team delivering CAD/CAM design projects for global clients (Jacobs, Aldi, Samsung, Henkel).
